Office of Shared Services Delivery

Shared Services Delivery Overview

Our Mission

The **Office of Shared Services Delivery (Deliver)** offers secure, scalable, and user-centered solutions that simplify operations and allow agencies to concentrate on achieving their core missions.

We provide fleet services, identity/ credentialing services, lodging, payment solutions, **travel, transportation, and employee relocation** and supplies by harnessing the buying power of the federal government.

What we DELIVER

- Governmentwide payment and travel services
- Efficient transportation and employee relocation services.
- Cost effective fleet management solutions
- Secure identity and credentialing services
- Requisitions services, primarily providing needed products to DoW
- Personal Property Management that extends the useful life of taxpayer-funded property
